### R E P O R T

[To accompany H. R. 5893]

The Committee on Finance, to whom was referred the bill (H. R. 5893) to amend paragraph I (a), part I of Veterans Regulation No. 1 (a), as amended, to make its provisions applicable to active service on and after June 27, 1950, and prior to February 1, 1955, and for other purposes, having considered the same, report favorably thereon without amendment, and recommend that the bill do pass.

55006

The Defense Department and the Comptroller General offer no objection to this bill. The report from the Comptroller General is as follows:

COMPTROLLER GENERAL OF THE UNITED STATES,  
Washington, July 15, 1955.

HON. HARRY F. BYRD,  
Chairman, Committee on Finance,  
United States Senate.

DEAR MR. CHAIRMAN: Reference is made to your letter of July 11, 1955, requesting our report upon H. R. 5893.

By our decision of May 4, 1955, B-120868, we held (1) that commissioned officers who are retired for disability incurred in combat in Korea are exempt from the \$3,000 dual compensation restriction contained in section 212 of the act of June 30, 1932, as amended (5 U. S. C. 59a), and (2) that commissioned officers retired for physical disability—other than combat incurred—caused by instrumentalities of war during the period of the Korean action similarly are exempt from the double compensation restriction contained in section 212. We understand that section 1 of the subject bill is designed primarily for the purpose of exempting the class of commissioned officers already held to have been exempt from the \$3,000 limitation by our decision of May 4. If this be true, we doubt the necessity for the enactment of such section, although the defining of the Korean period of service as provided for in the section appears desirable from an administrative viewpoint.

The matter of raising the amount of the limitation contained in section 212 from \$3,000 to \$10,000, as provided for in section 2 of the bill, concerns one of policy which must be decided by the Congress. We feel, however, that because of the substantial increases in the compensation of Government personnel since the year 1932—the year of enactment of section 212—the \$3,000 limitation contained in section 212 is far more restrictive today than it was at the time of its enactment. In 1932, CAF salaries began at \$1,260 per annum. Today, GS grades begin at \$2,690 per annum. In 1932, the entrance rate of salary for grade CAF-8 was \$2,900. Today, the entrance rate of salary for grade GS-8 is \$4,970 per annum while the entrance rate for grade GS-3 is \$3,175 per annum. Thus, it may be seen that at the present time the \$3,000 aggregate limitation would operate virtually in every case except those specifically excepted by statute from its application. Doubtless the existing limitation operates against the interests of the United States in those cases where the Government is deprived of the services of qualified personnel who but for said limitation would accept civilian positions under the United States.

The same thing is true, however, regarding other outmoded laws relating to dual employment and double compensation, among the most important of which are the act of July 31, 1894, as amended (5 U. S. C. 62), prohibiting a person who holds an office, the annual compensation of which amounts to \$2,500, from being appointed to or holding any other office to which compensation is attached unless specially authorized by law, and the act of May 10, 1916, as amended (5 U. S. C. 58), prohibiting the use of appropriated moneys for payment to any person receiving more than 1 salary when the combined amount of said salaries exceeds the sum of \$2,000 per annum. While we would prefer the enactment of a single revision consolidating and simplifying all of the various laws presently in effect relating to dual employment and double compensation, yet in view of the short time remaining in the present session of Congress we offer no objection to enactment of section 2 of H. R. 5893.

Sincerely yours,

JOSEPH CAMPBELL,  
Comptroller General of the United States.

The House report on this bill is self-explanatory and is as follows:

#### EXPLANATION OF BILL

Under the provisions of section 212 of Public Law 212 of the 72d Congress' no person holding a civilian office or position, either appointive or elective, under the United States Government or the municipal government of the District of Columbia, or any corporation of the United States, shall be entitled to receive retired pay from the United States on account of service as a commissioned officer in excess of an amount which when combined with the annual rate of compensation from such civilian office or position, makes the total rate from both sources more than \$3,000.

The exceptions to this act are in the case of any Regular or emergency commissioned officer retired for disability on a basis of (1) an injury incurred in combat with an enemy of the United States, or (2) caused by an instrumentality of war and incurred in line of duty during war service as provided in Veterans Regulation No. 1 (a), part I, paragraph 1. Exception 2 applies to those who have been retired for disability received in World War I or II service, but does not cover the Korean period of service from June 27, 1950, through January 31, 1955. The purpose of this bill is to provide coverage for this Korean period and increase the ceiling on dual payments from \$3,000 to \$10,000.

Public Law 28 of the 82d Congress in effect gave to veterans of the Korean period certain benefits enjoyed by men and women who served in World War II. This act is not in the form of an amendment to part I of Veterans Regulation No. 1 (a), as amended, and did not entitle those entitled to benefits under its provisions to the exemption provided under section 212 for World War II veterans which limits its scope to those retired for disability incurred in line of duty during an enlistment or employment "as provided in Veterans Regulation Numbered 1 (a), part I, paragraph 1."

The requirement relates solely to salary from a civilian position and retirement pay, and does not affect the receipt of compensation paid by the Veterans' Administration. Thus, a veteran receiving compensation for the loss of both legs, for example, could be employed by the Federal Government or the District of Columbia government or any Government corporation at whatever salary his ability warranted.

The \$3,000 limitation in section 212 of Public Law 212 was determined to be a reasonable maximum by the 72d Congress in 1930. In 25 years, economic conditions have changed to such a degree as to make the present restriction of \$3,000 totally unrealistic. For example, the basic pay rates for a GS-1 position range from \$2,500 to \$2,980, with higher rates for longevity. A GS-5 ranges from \$3,410 to \$4,160. Military pay has increased drastically since 1930 and with it, of course, goes an increase in retirement pay. As can be readily seen from the tables reproduced below, the existing limitation of \$3,000 virtually bars a retired man or woman from employment with the Government and in many cases it means the loss of valuable skills which could and should be utilized. It is for this reason that the committee has increased the ceiling to \$10,000.

R. 4490, to amend paragraph I (a), part I of the Veterans' Regulation No. 1 (a), as amended, to make its provisions applicable to active service during an enlistment or employment entered into on or after June 27, 1950, and prior to February 1, 1955, has been assigned to this Department by the Secretary of Defense for the preparation of a report thereon expressing the views of the Department of Defense.

This bill would amend Veterans' Regulation No. 1 (a), as amended (38 U. S. C., ch. 12A) by adding to its provisions relative to the payment of a pension to veterans and dependents of veterans for disability or death resulting from active military or naval service the phrases "or during an enlistment or employment entered into on or after June 27, 1950, and prior to February 1, 1955" and "on active service on or after June 27, 1950, and prior to February 1, 1955."

The basic statute which this regulation implements (the act of March 20, 1933, 48 Stat. 8) stipulates in section 19, title I, that "the regulations issued by the President under this title which are in effect at the expiration of two years after the date of enactment of this Act shall continue in effect without further change or modification until the Congress by law shall otherwise provide."

Thus, this Veterans Regulation 1 (a) can apparently only be amended by law, as H. R. 4490 seeks to do.

The effect of H. R. 4490 is to exclude from the statutory limitation on the amount of retired pay to which commissioned officers holding Federal civil office are entitled (the act of June 30, 1932, 47 Stat. 406, as amended, 5 U. S. C. 59a), those commissioned officers retired for disability caused by an instrumentality of war and incurred in line of duty during an enlistment or employment entered into on or after June 27, 1950, and prior to February 1, 1955, or during active service between those dates.

The Department of the Navy, on behalf of the Department of Defense, interposes no objection to the enactment of H. R. 4490.

This report has been coordinated within the Department of Defense in accordance with procedures prescribed by the Secretary of Defense.

There has been insufficient time to obtain advice from the Bureau of the Budget as to the relationship of this report to the program of the President.

For the Secretary of the Navy.

Sincerely yours,

IRA H. NUNN,  
Rear Admiral, USN,  
Judge Advocate General of the Navy.

VETERANS' ADMINISTRATION,  
OFFICE OF THE ADMINISTRATOR OF VETERANS' AFFAIRS,  
Washington 25, D. C., May 23, 1955.

HON. OLIN E. TEAGUE,  
Chairman, Committee on Veterans' Affairs,  
House of Representatives, Washington 25, D. C.

DEAR MR. TEAGUE: This is in reply to your request for a report on H. R. 5893, 84th Congress, a bill to amend paragraph I (a), part I of Veterans Regulation No. 1 (a), as amended, to make its provisions applicable to active service on and after June 27, 1950, and prior to February 1, 1955, and for other purposes.

The purpose of section 1 of the bill is to make inapplicable to certain persons who served in active service between June 27, 1950, and February 1, 1955, the limitation contained in section 212 of Public Law No. 212, 72d Congress, June 30, 1932, against the receipt of dual compensation from a civilian office or position under the United States Government or under the municipal government of the District of Columbia or any corporation, the majority of the stock of which is owned by the United States, and retired pay from the United States on account of services in the Armed Forces in excess of \$3,000. The purpose of section 2 of the bill is to increase the mentioned \$3,000 limitation from \$3,000 to \$10,000.

Section 212 of Public No. 212 (5 U. S. C. 59a), as amended, provides:

"(a) After June 30, 1932, no person holding a civilian office or position, appointive or elective, under the United States Government or the municipal government of the District of Columbia or under any corporation, the majority of the stock of which is owned by the United States, shall be entitled, during the period of such incumbency, to retired pay from the United States for or on account of services as a commissioned officer in any of the services mentioned in Title 37, at a rate in excess of an amount which when combined with the annual rate of compensation from such civilian office or position, makes the total rate from both sources more than \$3,000; and when the retired pay amounts to or exceeds the rate of \$3,000 per annum such person shall be entitled to the pay of the civilian office or position or the retired pay, whichever he may elect. As used in this section, the term 'retired pay' shall be construed to include credits for all service that lawfully may enter into the computation thereof.

"(b) This section shall not apply to any person whose retired pay, plus civilian pay, amounts to less than \$3,000: *Provided*, That this section shall not apply to any regular or emergency commissioned officer retired for disability (1) incurred in combat with an enemy of the United States, or (2) caused by an instrumentality of war and incurred in line of duty during an enlistment or employment as provided in Veterans Regulation Numbered 1 (a), part I, paragraph I."

It will be noted that subparagraph (b) states that this section shall not apply to any regular or emergency commissioned officer retired for disability (1) incurred in combat with an enemy of the United States, or (2) caused by an instrumentality of war and incurred in line of duty during an enlistment or employment as provided in Veterans Regulation No. 1 (a), part I, paragraph I. Paragraph I, part I of Veterans Regulation No. 1 (a), as amended, among other things, refers to service during World War I and World War II but contains no reference to service on or after June 27, 1950, and prior to February 1, 1955. Accordingly, those who served during the last specified dates are not entitled to the exemption provided in clause (2) of subparagraph (b) of section 212.

The Veterans' Administration has no objection to favorable consideration of the provisions of section 1 of the bill. The provision of section 2 of the bill, which would authorize the receipt of dual compensation from a civilian office or position and receipt of retired pay not in excess of \$10,000, presents a question of policy for determination by the Congress as to which your committee may desire the views of the Civil Service Commission, the Comptroller General of the United States, and other interested agencies.

The Veterans' Administration has not sufficient information on which to estimate the cost of the bill, if enacted, nor has it had sufficient time in which to ascertain from the Bureau of the Budget the relationship of the proposed measure to the program of the President.

Sincerely yours,

H. V. HIGLEY, *Administrator*.
